### International Conferences

- [1] Paper titled **“Synthesis and Characterization of Novel Highly Functionalized Thiophene Heterocycles”** presented in ICETCP-2022 (International Conference on Emerging Trends & Contemporary Practices) at Atmiya University on 20/05/2022.

### **List of Seminar/Conference Participated**

1. Online course on “Understanding Research Methodology” by Coursera on 4<sup>th</sup> April 2019.
2. Online course on “Introduction to Molecular Spectroscopy” by Coursera on 5<sup>th</sup> June 2020.
3. Online course on “Research Methodology: Research Ethics, Methods, Skills, Writing and Communication” UGC-Stride Program Component I organized by Mizoram University, India on 1<sup>st</sup> September 2020.
4. Online course on “Reaxys Predictive Retrosynthesis - Speed Matters” by Elsevier on 26<sup>th</sup> May 2021.
5. Online course on “Learning fundamentals of publishing in quality journals” by Elsevier on 27<sup>th</sup> May 2021.
6. Workshop on “Chemistry from computational tools for beginners” organized by Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat on 5<sup>th</sup> March 2022.
7. Workshop on “Interpretation of 2D NMR” organized by RK University on 6<sup>th</sup> June 2022.
